

Burbank tech talks

Founder Stories:

David Knight, Founder & President, Angel City Data

The City of Burbank, in partnership with TechFire is featuring a Burbank tech success story, Angel City Data's Founder & President, David Knight. Angel City Data, has deployed over 2,000 custom desktop, web & mobile software solutions for clients such as Apple, Disney, Warner Bros., Harvard, Caltech, UCLA, USC, the BBC, and NASA. A former record producer, David loves blending creativity with technology - and this year, Angel City Data was recognized as the Burbank Chamber of Commerce's Small Business of the Year. Join us as David shares his founder success journey as an entrepreneur with advice for other founders, and his thoughts on what's next in the world of enterprise technology.
